Tilters, Dumpers, Mixers & Bins

On the following pages are listed the finest tilters, mixers, dumpers and storage bins in the industry today. Don't fall for cheap imitations. Our equipment is constructed of high-grade steel and covered with a durable epoxy blue coating. The overall design stems from many years in the manufacturing field, with constant refinements along the way to incorporate the changing needs of the industry.

We steadfastly stand behind every one of our equipment with one of the most comprehensive warranties in the industry—a **FULL TWO YEAR WARRANTY**. We can also customize any of these items to suit whatever application you need.

Warranty

These products carry a **full two year warranty** covering defects in materials, manufacture and workmanship. Also, all STANDARD products are covered by a 30-day trial period guaranteeing customer satisfaction!

DME Molding Supplies features the best of:

Northern Supply (800-365-6565) • Nickerson Machinery (800-821-9534) • OHS (Ontario-888-809-7050/Quebec-888-475-9224)

Portable Storage Bins

The **Portable Storage Bin** is an inexpensive, versatile shop performer. Strongly built with full 14 gauge sidewalls and ¼" thick legs, these bins are constructed to withstand the abuse of a busy shop! Special flared pads help make stacking (up to three high!) simpler and safer. Durable abrasion-resistant epoxy painted blue inside and out. Units may be ordered with or without covers or vacuum entry ports for maximum economy tailored to your needs. The 4" discharge features an adjustable tension slide gate. Four way fork channels, pallet jack rails, casters, and product view windows are some of the available options. Standard 44 inch square design in capacities of 20, 30, 40, 50, or 60 cubic feet, or can be custom designed to fit your particular requirements! Watch these bins save your operation both time and space!

Options

- Pallet Jack Channels
- 4" Casters (2 rigid, 2 swivel)
- 4-way Fork Entry
- Foot Pads
- 3" x 5" Card Holders
- Vacuum Port Covers (set)

Other options available - or will custom design to fit your needs!

Warranty

These products carry a **full two year warranty** covering defects in materials, manufacture and workmanship. Also, all STANDARD products are covered by a 30-day trial period guaranteeing customer satisfaction!
