

Mold Cleaner + Degreaser

New look but still the same great cleaner!

For all metal molds, leaves no residue. Loosens and removes grease, oil and shop dirt accumulations. Does not leave a residue and will not interfere with molding operations. Simply spray on mold surface, wipe with a clean soft lint-free cloth to remove surface contamination. Cycle mold to evaporate excess liquid.

CONTRACT PRICING

DME Molding Supplies offers contract pricing on all Slide products - whether 2 cans or 2000, we can set up special pricing based on your usage. Simply fill out the following page with your monthly or annual usage of any mold spray and we will quote you a special price. This unique option allows you to receive up to last column pricing based on your long term buying. Just another way to let you know, we appreciate your business!

BEWARE!

Compare prices ounce for ounce!

It has come to our attention that some of our competitors may be offering a lower price per can but a higher price per ounce! Check the ounces per can before comparing prices. Many of their cans may have air space and less product. Slide gives you more ounces of better product at a lower cost per ounce!
