

Self Igniting Torches

Industrial Grade Torches

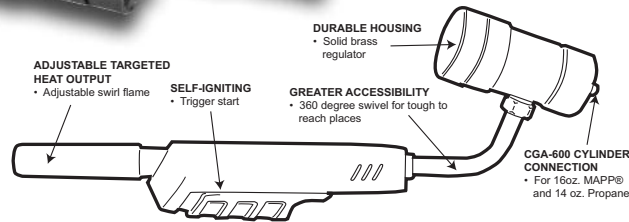

New!

16.92 oz.
propane tanks

Part# **PG16**
\$9.18 ea.

MAXIMUM TARGETED HEAT OUTPUT

- Adjustable ultra swirl flame
- Provides extreme heat output to get job done faster
- Burns fuel faster to save money
- Targeted heat ideal: for removing stuck sprues, releasing frozen nozzles and general removal of excess baked-on resin

TRIGGER LOCK

- For continuous flame

SELF-IGNITING

- Trigger start
- Insulated ignitor wires withstand heat feedback for longer life

CGA-600 CYLINDER CONNECTION

- For 16oz. MAPP® and 14 oz. Propane

FUEL ADJUSTMENT KNOB

- Adjustable for tight spots or different gas types
- Available on models LT91 & LT92

DURABLE HOUSING

- Cast aluminum construction for longer life

OPTIMUM PERFORMANCE IN AN ARRAY OF CONDITIONS

- Piston regulation allows the torch to burn properly when turned in all directions, including upside down
- Piston regulation also allows consistent performance in both high and low temperatures

Industrial Grade Self Igniting Torches

Part No	Description	Price
LT60	Heat Shrink Torch	\$88.47
LT90	Swirl Flame	\$70.26
LT91	Adjustable Swirl Flame	\$88.16
LT92	Adjustable, High Output Swirl Flame	\$84.99
LS20	360° Swivel -Swirl Flame	\$83.16

Replacement Assbly

LT60R	LT60 Replacement Assembly	\$23.25
LT90R	LT90 Replacement Assembly	\$19.40
LT91R	LT91 Replacement Assembly	\$21.27
LT92R	LT92 Replacement Assembly	\$22.17
LS20R	LS20 Replacement Assembly	\$32.79
