933131	Pop up	9 3/4" x 16 1/2"	100/box	\$14.94	\$14.64

Industrial Lubricant

WD-40

Displaces Moisture. WD-40 is formulated for ultra-high surface attraction to metal. It completely covers surfaces, including microscopic irregularities, even in the presence of moisture. WD-40 is a non-conductor of electricity and quickly eliminates moisture-induced short circuits.

Penetrates. WD-40's ultra-high surface attraction results in a super penetrating action that loosens rust-to-metal bonds and frees stuck, frozen, or rusted metal parts.

Protects. WD-40 deposits corrosion-resistant ingredients over the entire surface area, including microscopic irregularities. This protective barrier shields against moisture and other corrosive elements.

Cleans. WD-40's ultra-high surface attraction enables it to get under dirt, grime, caked grease, and oil to clean the surface at the same time it forms a corrosion resistant barrier.

Lubricates. WD-40's ultra-high surface attraction assures the lubricating ingredients in WD-40 will be widely dispersed and tenaciously held to all moving parts.

NEW ITEM FOR 2008!

Smart Straw Aerosol

Protect, clean and lubricate thousands upon thousands of items - without ever losing the straw again! The new WD-40® Smart Straw Aerosol *features a permanently attached straw that sprays two ways.* Flip it up for a precision stream and down for regular spray action. This new design allows for one-handed application and puts an exciting new twist on this true American original.

Part#	Description	Price Each
WD40-3	3 Oz. Aerosol Can	\$2.76
WD40-8	8 Oz. Aerosol Can	\$4.86
WD40-12	12 Oz. SMART STRAW	\$6.24
WD40-1G	1 Gallon Can	\$23.94
WD40-5G	5 Gallon Can	\$110.16
WD40-55G	55 Gallon Drum*	\$1,194.00
WD40SB	Empty Spray Bottle	\$6.60
