

Ohaus Triple-Beam Balance

Whether you're weighing solids, liquids, powders or even animals, an Ohaus Triple Beam balance is well-equipped to handle the job.

The 700/800 Series provides the convenience of a toploading balance with the durability and versatility to accommodate a range of lab applications. Some models have a tare beam to allow containers up to 225 g to be balanced out, and a variety of weighing platforms are also available.

- Three notched and tiered beams with center reading
- Four weighing platforms to choose from
- Spring loaded zero adjust compensator

Optional Accessories

Scoops, dust cover, metric attachment weight set.

Model 750 Calibrations:

Front Beam: 500 g × 100 g

Rear Beam: 100 g × 10 g Tare: 225 g

Specifications:

Capacity: Metric: 2,610 g U.S.: 5 lb. 2 oz.

Sensitivity: Metric: 0.1 g U.S.: 0.1 oz

Accessories

Part Number	Description	Price Each
703-00	Footed Poly Scoop	\$44.28
706-00	Vinyl Dust Cover	\$29.56
707-00	Weight Set: 2 × 1000 g, 1 × 500 g	\$64.06

Triple Beam

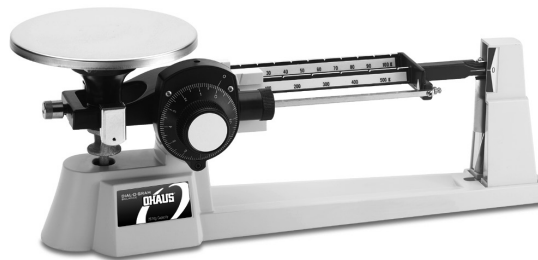

Part Number	Description	Price Each
750-SO	Metric Triple Beam-W/O weights	\$184.00
750-SW	Metric Triple Beam-w/weights	\$235.75

Dial-O-Gram Balance

Model 1650

The Dial-O-Gram Series combines the convenience of direct-reading dial calibration with the speed of magnetic damping for a balance that accurately and quickly weighs everything.

- Speed dial for fast, easy readings
- 6" diameter stainless platform
- Magnetic dampening
- Precision ground knives
- Self-aligning agate bearings
- Three notched and tiered beam
- With center reading, sliding poises
- Patented sliding poise and undivided tare beam
- Graduated notched beams
- Die cast aluminum box and beam
- Made and molded in USA

Calibrations:

Front Beam: 500 g × 100 g

Tare: 225 g

Specifications:

Capacity: 2,610 g

Rear Beam: 100 g × 10 g

Dial: 0.1 grams grad.

Sensitivity: 0.1 g

Ohaus Compact Scales

CS200

Model CS-200 Specifications:
Capacity: Metric: 200g U.S.: 7.5oz.
Sensitivity: Metric: 0.1g U.S.: 0.01oz.

CS2000

Model CS-2000 Specifications:
Capacity: Metric: 2000g U.S.: 4 lbs. 6.5oz.
Sensitivity: Metric: 1.0g U.S.: 0.05oz.

CS5000

Model CS-5000 Specifications:
Capacity: Metric: 5000g U.S.: 11 lbs. 0.4oz.
Sensitivity: Metric: 2.0g U.S.: 0.1oz.

Ohaus Compact Scales are ideal when cost matters and dependable results are a must. These uniquely designed scales weigh in grams or pounds/ounces and include full-capacity taring, an easy to read LCD, and battery saving automatic shut-off after 5 minutes. Three models range in capacities from 200g to 5000g, with readabilities from 0.1g to 2g, and feature a large weighing pan to accommodate a variety of samples. Easy operation, long battery life, great performance make Compact Scales a truly remarkable value. Scale can operate on 3AA batteries or an AC power adapter, both included.

- Sleek, low profile design
- Large high contrast display
- Energy-saving auto shut-off feature
- Battery or AC powered
- Rugged plastic construction
- 1 Year Warranty

Standard Features
 Low Battery Indicator, overload and underload indicators, auto shut-off, rugged plastic construction, tactile feedback keypad.

Scout® Pro

Designed for use in laboratory, industrial or education applications, the Ohaus Scout Pro continues the tradition set by the Ohaus Scout and Scout II products. Featuring easy-to-use two-button operation, a high-contrast LCD display, multiple weighing units, four application modes, and the option of either RS232 or USB connectivity, the Scout Pro is the portable balance for your needs!

- Connectivity**
An Ohaus first, you can quickly add either an internal RS232 or a USB port with integrated cable to the Scout Pro
- Security Bracket**
Each Scout Pro features an integrated security bracket to prevent theft
- Flexible Power**
Use either the standard AC wallpack, or 4 "AA" batteries to power your Scout Pro
- Round or Square Stainless Steel Platform**
Removable for easy cleaning
- Integral Shipping Lock**
Quickly accessible under the weighing pan, the shipping lock allows you to lock and go.
- Easy-to-Clean**
Sealed front panel and molded spill ring
- Easy to View**
High Contrast LCD quickly displays weight and applications data, as well as an indicator for stability, over/underload conditions, and low battery power
- Lockswitch**
The Scout Pro can be locked into a specific configuration using the included lockswitch
- Weigh-Below Hook**
The integral weigh-below-hook on the bottom of the Scout Pro allows density determination or calculating the specific gravity of samples

Ohaus Bench Scales

Defender™ 3000

Designed with affordability in mind, but with no compromise on quality!

The **OHAUS Defender™ 3000 Series** economy line of bench scales is ideal for general weighing and simple counting applications in production, packaging, warehouse, inventory, shipping and receiving areas. The Defender 3000 Series feature a simple, yet rugged, tubular-frame base design and indicators with tactile keys, backlit LCD display, built-in rechargeable battery operation and flexible mounting capabilities. The Defender 3000 Series is the solution to your weighing applications that require dependability within an affordable budget.

Standard Features Include:

- 304 stainless steel pan with painted carbon steel frame and aluminum IP67 load cell
- Indicator features a high-impact durable ABS housing with reversible face for either wall, column or table-top mounting
- Adjustable non-slip rubber leveling feet with externally visible level indicator
- Multiple weighing units: lb, oz, lb:oz, kg, g
- Parts counting mode with selectable sample sizes, last sample size and Average Piece Weight data
- Built-in RS232 for printing and data connection
- AC adapter and internal rechargeable lead acid battery

Packaging Clips

Streamline your packaging with Quality Clips™

- **Completely Removable and Reusable.** Better than tape, it won't mark your boxes or leave residue.
- **Prevents tipped or spilled boxes due to loose box flaps.**
- **Great for bulk packaging.** Parts will not hang up on the smooth, flat surfaces or the tapered end.
- **Maximize your workspace.** Workers can stand closer to the box creating space in assembly line and manufacturing areas. No more leaning or reaching.
