41012N
Zinc Stearate Release Aerosol

Product Description
A dry, light, water-repellent powder, Zinc Stearate is economical to use and gives better finishes. Use it for polycarbonates, polypropylenes, polysulfones and rubber molding. Compatible with oil-based paints, its formulation results in fewer rejects and lower production costs.

Applications
Mold Release

Unit Package Description
16 ounce aerosol

Generic Description
Mold Release

Net Weight Fill
11.5 net ounces

UPC Code
858799000103
